Power And Grace Preparatory Academy (PGPA) admits students of any race, color, national, or ethnic origins to all rights, privileges, programs, and activities generally accorded or made available to students of PGPA. Power and Grace does not discriminate on the basis of race, color, national, or ethnic origins in the administration of its educational policies, programs, and athletic and other school administered programs.

Medications Policy

Prescription medications and instructions should be left in the school office marked with the correct information such as the student's name, dosage, physician, and time to be given. A "Permission Form for Prescribed Medication" must be on file in the office. Any changes in administering the medication must be presented in writing as instructions from the physician or copy of the prescription. The school does not provide over the counter medication. Students need to bring their own over-the-counter medications to the office with a note from a parent stating the type of medicine, dosage, and time to be given.

Prescription or over-the-counter medication cannot be left with student or dropped off in before or after care program. Prescription medication including inhalers for asthma should not be kept in the child's back pack, should be checked in at the office with the directions on how it is to be administered.

If a physician has prescribed a student Ritalin (or a Ritalin type drug), if a student is required to take the prescribed dose while in school, it is required that parents agree to adhere to this policy as a criterion for admission.

I have read and understand the Medications Policy set forth by Power and Grace.

Mandated Reporting

The law requires certain professionals and school officials to report suspected child abuse or maltreatment to the Department of Human Services. The law also assigns civil and criminal liability to professionals who do not comply with their mandated reporting responsibilities.

School professionals and officials are required to report to DCS when, in their professional capacities, they have reasonable cause to suspect abuse or maltreatment or have seen the abuse first hand. Anyone can report and must report any suspected abuse or maltreatment at any time.

Reporting is an individual responsibility and no supervisor, division head, or administrator may interfere with the individual reporting responsibility. Nor may a mandated reporter be absolved of responsibility by relying on an all employees; including teachers are required to report the following:

Physical Evidence: If an employee obtains physical evidence or witnesses a child being physically abused on school property, he is to report information to DHS immediately.

Employees may keep the source of the evidence anonymous. If staff personnel deem an individual is unable to transport a child, the school should not release the child to that person. Staff should contact the parent, guardian, or other authorized adult immediately, and contact law enforcement as deemed necessary.

Reporting Number DCS 1-877-237-0004

Detecting Child Abuse

School teachers or any other personnel who have suspected knowledge of child abuse or child sexual abuse that occurred on school property or while under the school supervision must report those concerns. Parent or legal guardian shall be notified of these concerns and the notice shall be coordinated with DCS.

In situations whereby the parent or legal guardian is suspected of being the perpetrator, the parent or legal guardian shall not be notified.

I have read and understand Power And Grace's Mandated Reporting Policy.

Parent Participation

Power and Grace's values are scriptural ideals that guide all areas of school life. Each member of the PGPA constituency, board, staff, parents, students, and alumni - is to:

Exhibit unconditional love while maintaining uncompromising truth

Power and Grace preparatory Academy seeks to partner with like-minded parents who support the school's religious teachings, mission, and educational doctrines. Parents should have agreement with and cooperate and support the school's religious teachings, discipline, philosophy of education, and standards. Where actions of the parents demonstrate, in the school's determination, either a lifestyle inconsistent with the school's standards or actions or an attitude inconsistent with the above, the parent/guardian agrees the school may deny admission or discontinue further enrollment of the child. The school also maintains the right to dismiss students due to a generally non-cooperative parent. (Can two walk together, except they be agreed? Amos 3:3)

Parent Volunteers

Your involvement will catapult your child's success here at Power and Grace. You are encouraged to participate in our Parent Teacher Fellowships. This fellowship is an effort to demonstrate partnership with our teachers and parents. Your support and participation in school programs and/or activities is essential and is expected. Parents can help us to achieve the goal of providing a quality Christian education for all our students by working together closely with our staff. Children learn, grow, and excel through your participation.

Please fill out the Parent Volunteer Sheet and submit it to the office. (Form is located on our website.)

I have read and understand that as a parent of a child/children at Power And Grace Preparatory Academy, I am expected to participate in my child's/children's education and abide by all rules and regulations set forth by Power and Grace.
